All images will be made available through the White Willow Studios website, and will be downloadable. Images will be editing and corrected for color and clarity along with simple retouching. Extensive retouching will require an additional editing fee. Please inquire for details prior to your session.

A few of your photos, as chosen by the photographer, may appear in your gallery in a luxe black and white finish, complementary of White Willow Photography. If you wish to purchase all of your files in this finish, please add a \$50 black and white fee to your package price.

Along with your session purchase, you have purchased the printing rights to your digital files at a printing company of your choice. However, I only recommend printing through MPIX, MPIX Pro, or my pro printing lab, WHCC. Quality and accuracy of colors through any other printing company cannot be guaranteed, but you may certainly print wherever is most convenient. I do not recommend printing at facilities that give you same-day prints, as the quality and color do not reflect what can be produced at professional printing companies. For your convenience, I will add MPix and MPix Pro ordering to each of your galleries at base lab pricing. You can then shop via the White Willow Studio website, and have your photos shipped directly to you, at affordable prices. I can also place orders for you through WHCC. If you have any questions, or need help, I am here to help guide you through this process--I want the most beautiful product on your walls!
